

Meet Hudson

Meet Hudson... therapy dog in training. He's getting ready to take his final test and will soon be ready to visit housing residences, hospitals, hospices and..... wherever he is invited. He is pictured here with Deb Nygard, (lower left), marketing director for Arthur's Residential Care Home in Shoreview. Deb invited Hudson out for a trial visit. We think

the folks liked him, but are pretty sure the bird was glad to see him leave. If you would like him to visit your housing residence you can email him at HUDSONTHERAPYDOG@gmail.com or you can just call his human, 651-690-3141.
